

FS19 Removable Window Bar System

Fitted internally protects windows with Vertical Bars that can be locked into place.

The Problem

- You need security - but occasionally you need access to the window or to escape in case of emergency

The Solution

- Ideal for lower security domestic and commercial applications where removal of the security device is required occasionally. One or more bars can be removed in seconds by the turn of a key.

SECURITY INDICATOR = LOW - MEDIUM

Product Benefits

- Good Physical Deterrent
- Windows can be left open for ventilation
- Vertical Bars can easily be removed by a key

Comes Complete With

- Top and bottom retaining fitment / tracks
- 19 mm outer steel tubes complete with 15 mm inner tubes
- 10 pin radial camlock

Applications

- Windows
- Skylights
